Green Makeover:
Retrofitting Sites in Urban Areas to Enrich
City Environments

Revitalizing Urban Properties
for Community Benefits

Megan Dobratz
October 19, 2005

ENVIRONMENTAL POLICY

Engaging the state's environmental leaders, across all sectors, in dialogue on critical and emerging environmental issues.

CLEAN AIR MINNESOTA

Voluntary partnership working to achieve significant, measurable reductions in air pollution.

RESOURCES FOR REDEVELOPMENT

Assisting organizations and cities with sustainable land use and building practices.

MINNESOTA<ENVIRONMENTAL>INITIATIVE

Resources for Redevelopment

sustainable communities program

The program aims to incorporate as many environmentally sustainable redevelopment options as possible, including:

- reuse/conservation of land

- creation and preservation of affordable housing

- strengthening and diversification of neighborhoods

- integration of open space and greenspace

- improved water quality

- energy conservation

- green building practices
